Some of your search results may also be related works with the same title.

A Guide To Residential Renovation
Residential remodeling is so much more than a project. Remodeling a living space can be rather stressful. After all, you are rearranging the place you will come to after a hard day at work or where you will have your family reunions and some of the most special family memories made. It's different from redecorating your home office. Of course, you want it to be warm and inviting.

The words "renovate" and "remodel" are often used interchangeably when it comes to real estate, contracting, and interior design. However, for professionals working in one or more of these industries, these terms actually entail two very different things. Essentially, the difference between them is that a renovation refers to restoring something to a previous state, while a remodel refers to creating something new.
